AMERICAN CONSUL IN A TIGHT PLACE

THE LEGATION WAS THREAT- ENED AT PEKIN.

United States Government May Have to Adopt Prompt Measures, as Minister Denby Was Forced To Ask For Protection, Which Is an Unusual Call—Foreign News.

WASHINGTON, Dec. 1.—A sensational dispatch was received at the state department yesterday afternoon from Minister Denby which said in effect:

"The American legation is in danger. Chaos reigns in Pekin. We need protection."

Secretary Gresham and his assistants have guarded the message as a state secret, but there were hurried conferences with the navy department, and measures were taken to give Minister Denby the protection he demanded.

As a result cablegrams were at once sent to the minister assuring him that prompt measures would be instituted, in spite of international complications, to protect him and his associates. Both state and navy department officers are reticent as to news itself and what will be done to protect the life of the American minister. As the Monocacy is the only vessel near Pekin it is assumed that whatever force is sent will be from that vessel, which is in the Pei Ho river not far from the seat of government of the Chinese emperor.

State department officials pretend not to admit it, but they undoubtedly regard the situation in Pekin as extremely grave. They know Minister Denby is not a man to be alarmed needlessly. He is an experienced diplomat who would not have asked for aid except at the last extremity.

There are five vessels within comparatively easy reach—the Baltimore, Admiral Carpenter's flagship, is at Nagasaki, the Charleston at Chemulpo, the Concord at Chin-Kiang, the Petrel is in the vicinity of Port Arthur, the Yorktown is en route from San Francisco to Yokohama and is expected to arrive daily.

It does not often happen that the United States is required to land men for the protection of its legations abroad. Whenever it does the situation must be grave. Hence it follows the authorities must view with concern Minister Denby's tidings from Pekin. They anticipate no difficulty with the Chinese authorities in getting permission to land a naval force from the Monocacy, but the news from Minister Denby, coupled with the information contained in dispatches from Shanghai in relation to the action of England in directing the assembling of a fleet at Chusan, indicates to officials here that affairs in the orient are rapidly approaching a crisis. That a panic is imminent in Pekin is no surprise to the officials. All of the official advices from there for the last two months have given evidence of threatened riots and the situation has grown gradually worse as the Japanese army gained victory after victory and advanced in the direction of the capital.

Panama Canal Workmen Not Starved

COLON, Colombia, Dec. 1.—The chief of construction on the Panama canal, stationed at Culebra, said yesterday in an interview: "It is not true that the mechanics at work on the canal are dying of starvation. The maximum rate of wages is \$3 a day."

Chefoo Advises Say Pekin Is Quiet.

LONDON, Dec. 1.—A dispatch from the Pall Mall Gazette from Chefoo says terms of peace between China and Japan have been almost arranged through the intervention of the United States. It is added the feeling of security is now so strong foreign women are returning to Pekin.

Caceres Levying New Customs Duties

LIMA, Peru, Dec. 1.—Availing himself of extraordinary powers granted by congress, President Caceres is levying new taxes and customs duties to meet the increasing war expenses. Imports are being reduced to ammunition, gold and silver for the government.

Show Peixoto's Financial Scandals.

RIO DE JANEIRO, Brazil, Dec. 1.—Disclosures of financial scandals of Peixoto's administration are causing a commotion. Nobody thought President Moraes would permit light to be thrown on Peixoto's acts.

Minister Bayard Honored by Scotch.

LONDON, Dec. 1.—Mr. Bayard presided last night at the 230th anniversary festival of the Scottish corporation. Never in the long history of the Scotch corporation has a similar compliment been paid to any other foreign ambassador or minister.

England Will Take Chusan To-day.

SHANGHAI, Dec. 1.—The British fleet has assembled at its rendezvous at the Saddle islands, off the Chinese coast, near here, and will occupy the island of Chusan to-day.

To Proceed Against Schwarzkopf.

VALPARAISO, Ind., Dec. 1.—Last night the special committee appointed to examine the accounts of Ex-City Treasurer George Schwarzkopf reported an apparent shortage of \$13,835 in his accounts and that he has a credit of \$2,400. The council ordered the city attorney to proceed immediately against Schwarzkopf and his bondsmen. Schwarzkopf denies the shortage and has retained counsel.

ENVOY CALLED BACK.
Japanese Minister Won't Receive Mr. Dietering.

YOKOHAMA, Dec. 1.—Prime Minister Ito has decided not to receive Mr. Dietering, the envoy sent to Japan to negotiate a peace. In the meantime Mr. Dietering has been recalled to China by Li Hung Chang. Mr. Dietering had a brief interview with the chief secretary of the cabinet, who arrived from Hiroshima before the envoy took his departure for Tien-Tsin. The native press is generally indignant that China should send a foreign agent to negotiate for peace.

LODON, Nov. 30.—A dispatch from Shanghai says that great excitement prevails in naval circles there in consequence of the departure of British warships from that port under sealed orders. The presence of three British cruisers opposite the estuary of Bieng-Tang-Kiang is considered to show that Great Britain has decided to more than forestall her rivals in the east and to obtain a voice in the settlement to be arrived at between Japan and China. The dispatch adds that fears are increasing that Li Hung Chang will place himself at the head of the army which he has created for his own purposes. Thousands of troops are reported to be arriving from different parts of the country for service under Li Hung Chang.

"IT CAN'T BE DONE."

Spreckels Talks of Inability to Operate Sugar Refineries.

SAN FRANCISCO, Cal., Dec. 1.—In reference to the Associated Press interview with H. O. Havemeyer, president of the Sugar Refining company, Adolph Spreckels, director and secretary of the California Sugar Refinery company, said:

"I have read that Havemeyer interview and I understand the exact condition of sugar refining in the eastern states. Havemeyer and his people control the sugar trade of all the country east of the Missouri river and the California refinery controls pretty much all west of the river. I think Havemeyer is right when he says that closing his refineries will throw 50,000 people out of work. The reason they are to close is this: They can not compete with foreign sugars. "German granulated sugar is laid down at New York at \$3.56 per 100 pounds and raw or crude sugar costs laid down there \$3.50 per 100 pounds. That leaves a margin of 6-100 of a cent per pound on which to pay refining expenses and make profits.

The Government Solid.

WASHINGTON, Dec. 1.—The Hawaiian charge d'affaires, Frank P. Hastings, has received in his current mail information that since the establishment of the republic in Hawaii, on July 4 last, the official recognition of the following governments has been received: United States, Great Britain, France, Russia, Italy, Belgium, Mexico, Guatemala and also notice of intent from Germany and Peru. On Nov. 15, the day after President Dole's return from a visit to the Island of Hawaii, the British commissioner at Honolulu called at the executive building and presented an autograph letter from Queen Victoria, announcing the recognition of her government. The tone of the letter was most cordial.

Wanted to Die But Couldn't.

LOS ANGELES, Cal., Dec. 1.—J. K. Koch, a young German recently arrived from St. Paul, made a desperate attempt at suicide on Rosa street in view of a number of passersby. Placing a revolver to his head he fired three times, two bullets lodging in his skull. As he continued to live he then produced a razor, with which he slashed his wrist. He was taken to the receiving hospital, where his recovery is predicted.

Colima Again Belches Fire.

GUADALAJARA, Mexico, Dec. 1.—Another terrible eruption of the Colima volcano occurred Wednesday night, and the scene as witnessed from this city was a grand one. No definite reports have been received from the immediate section surrounding the volcano, but it is feared that there was severe loss of property and probably life.

The Lydian Monarch Overdue.

NEW YORK, Dec. 1.—The Wilson line steamer Lydian Monarch, which sailed from London Nov. 7 for this port, is now seven days overdue. The Lydian Monarch is a freight vessel, but generally carries a few cabin passengers and usually makes the trip in fifteen days. The delay is probably due to the very heavy weather reported by all incoming steamers.

Princess Louise Dead.

COPENHAGEN, Dec. 1.—Princess Louise, sister of the king of Denmark and aunt of the dowager empress of Russia and of the princess of Wales, is dead. Princess Louise was born Nov. 1820, and on Aug. 3, 1860, was nominated abbess of the convent of Itzehoe, Holstein.

More Victims Die.

SOUTHBRIDGE, Mass., Dec. 1.—John Street, the half back of the Williams college freshman football team, and Victor Nelson, another football player, who were victims of the grade crossing accident of Thursday, died yesterday.

Grand Duke George Alive.

ST. PETERSBURG, Dec. 1.—There is no truth in the report from Odessa that the Grand Duke George, the czarowitz, died Sunday.

TRADE OF THE WEEK IS DUN'S SUBJECT

NEW LOAN HAS HAD NO EF- FECT ON BUSINESS.

Issuing of the Bonds Has Not Created Any Disturbance, and the Great Industries Maintain the Production Previously Reported, But Show No Increase.

NEW YORK, Dec. 1.—R. G. Dun & Co.'s Weekly Review of Trade says:

"The complete success of the government loan and the replenishment of the gold reserve have not perceptibly affected business nor prevented an advance of foreign exchange near to the exporting point. Cotton reached 6 cents last Saturday and has reacted 8-16 after a week of heavy speculation. Crop estimates of the New Orleans cotton exchange averaged 9,250,000 bales and a larger quantity has come into sight this year than at the same date in 1891, when the yield was over 9,000,000 bales. The average price in November of that year was 8.16 cents; at that price the 4,781,000 bales which came into sight in three months ending Dec. 1 would have paid as much debt as 6,371,000 bales at the price this year, but even that would not explain the large marketing this year unless the crop were large. What is 1 1/4 cents higher than a week ago, and western receipts still exceed last year's, amounting since July 1 to 104,500,000 bushels, against 100,800,000 bushels last year, while exports from all ports have been about 21,000,000 bushels smaller. The smaller quantity received last year paid more debts by about \$8,000,000 than the larger quantity this year, and wheat selling for the first time below 60 cents just after a harvest may naturally be held back for better returns. Corn has advanced a fraction, receipts being larger than a year ago, and on the whole the outcome for farmers has not so improved as to promise larger buying by the west and south.

"The great industries fairly maintain the production previously reported, but can not be expected to increase at this season. A few more iron works have gone into operation, and the demand is reported larger, but there is a distinct weakness in prices, especially at Pittsburg, and Bessemer iron billets, nails and some structural forms are quoted lower. The rail combination has agreed to a reduction of \$2 per ton for the next year. Coke contracts are being made for the first quarter of 1895 at current rates.

"Failures this week have been in the United States 289, against 271 last year, and in Canada 36, against 48 last year."

POPULIST MEETING CALLED.

Taubeneck Wants the National Committee to Map Out Work.

ST. LOUIS, Mo., Dec. 1.—At the request of the national executive committee of the people's party and at the suggestion of the chairman of the state committee Chairman Taubeneck has called a meeting of the national central committee of the people's party for St. Louis Dec. 25 and 29. In addition to the members of the national committee the chairman of the state committees, members of the Reform Press association, people's party senators and representatives of the Fifty-third congress, and those elected to the Fifty-fourth congress, and all others who have taken a prominent part in organizing the party and also those who are willing to work and vote with the people's party in the future for monetary reform are invited. The object of this meeting is to map out a policy for an educational campaign between now and the meeting of the next national convention.

Twenty-Four Hour Bicycle Race On.

NEW YORK, Dec. 1.—Much interest is felt in the twenty-four hour race, which is, perhaps, the greatest feature of the bicycle tournament at Madison Square garden. It began soon after 9:30 o'clock last evening with twenty-three starters, many of whom are well known in long distance contests. At the end of the first hour Martin and Waller led, having twenty-one miles and seven laps to their credit. At 11 o'clock Waller had twenty-nine miles to his credit and was the leader.

Gold Reserve Rapidly Increasing.

WASHINGTON, Dec. 1.—The cash balance in the treasury at the close of business yesterday was \$140,887,404; gold reserve, \$102,016,178, showing an increase since last Wednesday of \$33,863,267. The regular monthly treasury debt statement to be issued to-day will show an excess of expenditures over receipts for the month of November of \$8,157,367, which makes the deficiency for the five months of the present fiscal year \$22,510,226.

Dashed Against a Circular Saw.

PHILADELPHIA, Pa., Dec. 1.—At the Wayfarers' Lodge wood yard last evening William Quarries (colored) and James Thompson quarreled, when the former pushed Thompson over a circular saw that cut into his neck and into the vertebrae. Thompson's neck was sewed up at the Polyclinic hospital, and he is still alive.

UNCLE SAM MADE ENGLAND BACK OUT

BLUEFIELDS TROUBLE WILL NOT CAUSE WAR.

The "Incident" Will Be Settled by American Diplomacy, the Lion Turning Tail and Fleeing From the Screams of the American Eagle—England Abandons Hope.

WASHINGTON, Dec. 1.—The British lion has fled in dismay from the angry scream of the American eagle, and the Bluefields "incident" that threatened to involve England and the United States in a most serious quarrel is in process of swift and peaceful settlement upon terms which will be entirely satisfactory to this country.

The state department is not yet in receipt of official information from Minister Bayard, but from the tenor of preliminary negotiation it is satisfied that the British are about to formally renounce all pretense of a right to mix into Nicaraguan affairs and draw off permanently. The electric suddenness of the protest of the United States against what was felt to be a dangerous and untenable claim on the part of the British foreign office, hateful to every patriotic American instinct, startled the phlegmatic Englishman into unusual activity. Swift denial of hostile intent ensued, followed quickly by unofficial but authoritative notice of retreat from the position sought to be occupied, and the war cloud is passing away. The details of the proceeding only remain to be arranged, a diplomatic process that will take time, but it is safe to assume that England has already abandoned hope of being able to utilize the Mosquito strip as a club to hold over the projected Nicaragua canal. The bluff was made and called, and the incident is already considered as good as closed. The warship Columbia, dispatched by the navy department to Bluefields, has been reported in sight of the Mosquito coast, but it will not be called upon to perform services more than "loafing around" in Caribbean waters for a time. This most happy conclusion of the Bluefields matter has caused a smile to suffice the face of the administration.

TO ARREST SUGAR KINGS.

Texas Sheriff Forwards Requisitions for Rockefellers and Others.

NEW YORK, Dec. 1.—Under Sheriff McDonough received a letter yesterday written on the official letterhead of W. L. Burke, sheriff of McLennan county, Texas. It reads:

WACO, Texas, Nov. 25, 1894.—To the sheriff, New York city, N. Y. Dear Sir: I have this day mailed your governor, R. P. Flower, requisition papers for John Rockfeller, William Rockfeller, Henry M. Flagler, John D. Archibald, Benjamin Brewster, Henry H. Rogers, Wesley H. Tilford, of your city. When you receive the governor's warrant, please execute at once and wire me, and I will come on at once. Yours to command, W. L. Burke, Sheriff.

The under sheriff at once forwarded the communication to police headquarters, which alone will take the steps necessary to put the indicted magnates in custody.

ALBANY, N. Y., Dec. 1.—Gov. Flower has refused to issue requisition papers for John D. Rockfeller and others of the Standard Oil company to the governor of Texas on the ground that the papers presented are not sufficient.

CENTRELL IS HANGED.

His Accomplice and Wife of His Victim Shouted "Good-By."

BELLEVILLE, Ill., Dec. 1.—George Centrell was hanged here yesterday. He was executed upon his own plea of guilty of murder in the first degree. He and Annie Kahn murdered the latter's husband on Aug. 7 in order to better put themselves in a position to continue their illicit relations already existing. A peculiarity of the case is that after pleading guilty he was remanded to jail and given an opportunity to withdraw his plea, but he refused.

Mrs. Kahn is in jail waiting for her trial. She was at the hanging and shouted good-by to Centrell, to which he remarked to the sheriff: "Oh, that woman makes me tired."

ITS SESSIONS AT AN END.

Trans-Mississippi Congress Adopts More Resolutions and Adjourns.

ST. LOUIS, Mo., Dec. 1.—The final day of the trans-Mississippi congress session opened with a light attendance, a large proportion of the delegates having left for home Thursday night or in the morning. The reading of the remainder of the report of the committee on resolutions was begun and the following expressions were adopted as the sense of the congress:

"Indorsing the recommendations of the recent miners' convention at San Francisco, urging appropriations for damages in certain rivers in that state, as being of benefit to hydraulic mining and navigation. Favoring action by congress extending the provisions of the Carey arid land act to the territories. Urging congress to pass acts enabling the admission of Oklahoma, New Mexico and Arizona in the union as states. Favoring the allotment of the lands of the five civilized tribes, the creation of a state or territorial government with complete court jurisdiction, or the union of all or part of the territory to Oklahoma and admission in single statehood with that territory."

This was adopted after some debate over a minority resolution favoring an enlargement of the jurisdiction and members of the federal judiciary in the territory and deferring statehood until the lands are allotted and the new citizens are ready for self-government.

Resolutions were adopted favoring the cession of the non-mineral lands to the states and territories within which they

FATE.

Thou hast promised that we shall meet,
Oh, how I treasure that vow;
It has soothed my heavy heart,
And I am happier even now.

Put the joy when we meet cannot last;
So fleeting, 'twill almost be pain;
And the sorrow when we part
Will darken our hearts again.

But I shall look once more in your eye, love,
And see the light of your smile;
You will hold me close to your heart again,
And let me rest there for awhile.

The love that you bring to me, then dear,
Must be warm, and pure, and true
To last me through the agonized years
That will bring me o'er but dreams of you.

I did choose my fate, never knowing
My love was returned, dear, by you;
And so two hearts lie broken and dead;
With happiness and hope we are through.

Only for this last brief meeting
For thou hast promised, and thy face I shall
see

And I pray, that my soul in its last mad joy
Will burst and leave all its sweets with
thee.

BROWN BROS. & LINCOLN's December proclamation on the third page is as full of meat as it can possibly be. The prices named are extremely low and inviting.

Those gents' cork sole, genuine calf-skin shoes for \$2.50 are the wonder of our competitors. They don't know how we can do it. Lloyd & Son.

We Never Get Left.

For the first time in the history of our lives we have been able to show the citizens of Janeville and vicinity what a real bankrupt sale of hardware meant. The Holloway & Johnson stock is about finished. To-night will end it, a few more hours, and we will have completed one of the most successful sales ever opened in the city. We rejoice, and the people rejoice with us, for we have been the means of giving them greater bargains in stoves and hardware, at a time of year when they could use them, than they ever dreamed about. Come down and see us tonight, we will entertain you well, a sort of a love feast, and perhaps you can find an article or two which will repay you for your efforts. LOWELL HARDWARE CO.

Perished in Jail.

CHARLOTTE, N. C., Dec. 1.—Three negroes—Henry Butler, Oscar Thompson and Hamp May—were burned to death at Polkton early this morning. They were arrested yesterday for a small offense and were placed in jail, and it is supposed that during the night they attempted to burn their way out, and losing control of the fire brought upon themselves their destruction.

Fatal Row at a Rooster Fight.

IRON MOUNTAIN, Mich., Dec. 1.—John Tregloin shot and killed Samuel Daniels last night in an altercation over a rooster fight. Tregloin and H. Monroe, a plumber, who was mixed up in the scrimmage, are in jail.

If the result of the late election shall drive the theorist out of politics it will be a blessing, indeed, for the country. All of the recent troubles of the people had their origin in the free trade doctrine preached by enthusiastic theorists.

So Postmaster General Bissell considers cheap books an evil and rural free mail delivery an expensive luxury. Could he have furnished a better argument showing his unfitness to be at the head of the postal department of a progressive people?

If the democrats in congress express their real opinion of Mr. Cleveland and the Congressional Record will have to be shut out of the mails, and none of them will be given an office after the 4th of next March.

It is not at all strange that Senator Hill finds it difficult to shake off that tired feeling. So do all the rest of the dems.

Japan seems to be fully prepared to deal with China without any outside interference, either from Europe or America.

Perhaps Mr. Cleveland and Secretary Gresham will now "swear off" on foreign policies. It is time they did.

Wonder if that message to congress will be afflicted with gouty feet? That it will be lame is almost certain.

CITY NEWS IN A LINE

LOWELL, the hustler and slayer of high prices, has placed himself much nearer the hearts of the people during the last two weeks, as many a poor family has been enabled to get a stove at half price, and can keep warm this winter.

Our past month, November, has been the best in our history. We sold \$1,380 more shoes during last November than we sold in November '93. It pays to treat the people well and always do as we advertise. Brown Bros. & Lincoln.

A REGULAR "round up" tonight as it were. We will wash our hands of the Holloway & Johnson hardware bankrupt stock. But little left. Better come this evening, as when we close tonight that ends it. Lowell Hardware Co.

It is quite fortunate for the people in general that they are enabled to get fine perfume at 50 cents an ounce equal to any imported perfume at \$1.50 an ounce, but it is true. We have it, Hudnut's. Prentiss & Evans.

By making your selection from our Christmas novelties now, you get the best assortment and avoid the regular Christmas rush. A beautiful line of satchels and valises in alligator. T. J. Ziegler.

COURT GROUND OUT A GRIST OF CASES

E. BROTHERTON DID NOT AS- SAULT MR. FANNING.

Johnstown Cider Case at an End—Jay Johnson's Illegal Liquor Case Adjournded Once More—Milton Meat Peddling Matter Adjournded Until the Supreme Court Decides Another

BUSINESS was fairly good in the municipal court today. The jury that tried E. Brotherton, proprietor of the Johnstown hotel, for an alleged assault and battery committed last election day, brought in a verdict of not guilty and the "cider case" was at an end. For the seventh time, the case of the state against Jay Johnson of Clinton, who is charged with selling liquor without license, came up and was adjournded until December 18 the defendant claiming that he had a witness who couldn't appear before that time. The case against Messrs. Van Loon and Jackson, the two Milton meat dealers was continued until January 3, on account of a similar case having been appealed to, and now pending before the supreme court. The defendants are charged with peddling without a state license.

A. L. NEILSON and E. Heller were burned out in the Wilcox fire and lost tools, stock, patterns—in fact their entire equipment. Subscription papers were circulated in their behalf, and \$235 was given, but Mr. Neilson complains that all he has been able to get out of it has been \$50, paid in tools and stock. His friends are anxious that something be done, as he is in sore straits.

D. W. WATT TO RUN THE COUNTY FAIR

HE WAS NAMED TO SUCCEED E. B. HEIMSTREET.

The Annual Meeting Held at the Court House This Afternoon—Frank L. Smith Made Vice President and a New Board of Directors Selected—Facts of the Secretary's Report.

D. W. Watt is the new secretary of the Rock County Agricultural society, he being elected to succeed E. B. Heimstreet at the annual meeting of the society at 3 o'clock this afternoon. The other officers named were:

First Vice President—Frank L. Smith.

The new board of directors named was M. D. Owen, J. L. Bear and A. E. Rich.

A committee was also appointed to revise the by laws.

The motion to prohibit liquor selling on the grounds next year was defeated; the salaries of the officers were fixed at the same sum as heretofore, and after giving Secretary Heimstreet a vote of thanks for his long and faithful service, the society adjourned.

Secretary Heimstreet's report was first submitted and was quite lengthy, containing all monies received and from what source, and an itemized account of all monies paid out, also premiums paid. The whole report covered some fourteen pages and showed that seven meetings of the directors were held during the year, and with a good attendance and a great deal of interest has been taken. At the fair there were 2676 entries made in the various departments as follows: Horse, 65; cattle, 101; sheep, 92; swine, 42; poultry, 176; vegetables, 179; farm products, 79; wool, 4; tobacco, 15; children, 262; art, 264; carriage, 87; machinery, 9; domestic, 834; merchant, 19; horticultural, 124; eulinary, 468; missel, 40. The sale of tickets amounted to \$1155.50, and the total receipts were \$4540.02. They paid in premiums \$1886.80 and for races \$650. The association is in a prosperous condition and hold property amounting to \$1,4977 which is held by 212 shareholders with 228 shares of stock.

DRUG INSURANCE IDEA WANING

Not Enough Application For Policies Received to Warrant a Start.

The Wisconsin druggists will not organize their mutual fire insurance company this year.

Secretary E. B. Heimstreet of the Pharmaceutical Association, has taken a prominent part in the work of forming this association but is now satisfied that a permanent organization cannot be formed of sufficient strength.

"I have sent out a large number of circulars in behalf of the proposed organization," said Mr. Heimstreet this morning. "In order to organize such a company we must have at least one hundred applications for positions to start with. With all our canvassing we have only secured about sixty applications. However, I think we will do something next August on some other basis. We may be able to secure more favorable legislation this winter, in which case we may go ahead and organize. Another proposition is to start a stock company, but I do not know that we will be able to secure sufficient subscriptions. Nothing more will be done at present."

ONLY FOUR BURIED LAST MONTH

The List Has Not Been So Small in Many Years Before.

That Janesville is a healthy city is amply verified by the November report of the sexton of Oak Hill cemetery. There were only four interments during the month, and only one adult. This is the lowest number recorded in many years. They were:

November 2—W. T. Johnson, Janesville, aged forty years.

November 5—Infant daughter of Mr. and Mrs. John Kelly, Janesville, aged three days.

November 7—Ethel Baker, Janesville, aged three years.

November 14—Infant daughter of Mr. and Mrs. James S. Field, Janesville, aged one day.

M. H. WHITTAKER IS A DELEGATE.

Will Attend the Barbers' Convention at St. Paul—Secretary Klapetzky Here.

W. E. Klapetzky, of Syracuse, New York, general secretary of The Journeyman Barbers' International Union of America was in town today and stopped at the Hotel Myers. Mr. Klapetzky is on his way to St. Paul to attend the annual convention of the Union which convenes next Tuesday in that city and stopped off here to visit the local union. He will leave for St. Paul at 1:30 tonight, and M. H. Whittaker, the delegate from the Janesville union, will go with him. The convention lasts all the week and Janesville barbers make the best choice possible in selecting Mr. Whittaker as their representative.

PRICE OF COAL MAY NOT CHANGE

Some Likelihood That No Higher Figures Will Be Made.

It has been general understood that the price of coal was to be advanced about January 1, although there already has been an advance of fifty cents a ton in New York, dealers here think that no such advance will be made; they think, however, that the retail price will probably remain the same, because so much coal has already been contracted for.

The wholesale dealers are of the opinion that prices should be advanced, as they claim there is no money in selling coal at the present figure.
